Report on East Midlands Meeting - 26th January 2015

Junior Squad - The Junior Squad have ensured that they have kept under budget for the major events they have now attended. They have also raised money for the squad through the Cake Stall at 2 events (see separate article in EMEWS).

The squad are also looking to purchase some more O-tops for sale to members (they hope to break-even). They will look to identify the numbers they require and propose this to the committee.

The proposed schedule for future EMJS events is:

- February 7th: coaching at Outwoods, Loughborough. Meet 10am in main Outwoods car park, finish around 2pm. £3. Please let me know if attending.
- February 24th: Evening Lecture: Nutrition for Endurance Sport (plus a short training run if interested) at Loughborough University. Talk starts at 7pm, training run (various speed groups) at 6pm.
- March 7/8th: Lake District trip. Leaving early Saturday morning, we'll train Saturday afternoon, sleep in a village hall then train again Sunday on terrain just like the JK.
- April 11th: coaching in Matlock area.
- May 16th/17th: coaching weekend - sand dunes in the sunshine? TBC

Coaching Development - Hilary Palmer reported that the Level 2 Coaching Course will take place in EMOA but will have just one person from EMOA.

Regional Planners / Controllers Conference - Do members want a Regional Planners / Controllers Conference? Do we want to repeat the event, and if we do, should we change the format at all? How do we get folk to attend who don't normally attend? Should we even change the target group so as to include inexperienced planners at all? The committee felt it is a valuable event and proposed targeting the next session for late Spring 2016 but anyone with views should feed back to members of the committee.

Regional Volunteer Day - there is a big push from Coaching and continual development for coaches. The intention is to have modular training sessions. Hilary has lined up tutors for some coaching sessions. In addition we need to look at Event Safety, First Aid, Physical Conditioning and also the normal Event Official training courses (Planner, Controller, Organiser). Chris will look for a date in the Autumn.

Development in General - What do the clubs want regional development to cover? Again, any views to members of the committee. Chris wants ideas on how best to recruit members to take on club and event official roles. A large percentage of members don't come to events. If we look at event attendance only around 50 members attend most events. How can we get more folk involved?

Club Courses - It was mentioned that DVO are putting on a Planners course and if other clubs are doing something similar please open them up to members of other clubs if possible (DVO already had too many folk for the course anyway).

Fixtures - Paul Beresford has found that he has had problems with email and so has announced he would like to step down as Fixtures Secretary at the AGM. However, if we can get a volunteer in place earlier then they can shadow Paul before the formal handover. Is there any member who would like to take on this role? The main activities are:

- Attend British Orienteering Event Scheduling twice a year (March / April and October)
 - Take information on major events back to Region and discuss what the Region wants to do in forthcoming years
 - Distribute National Fixtures information to clubs in region
 - Co-ordinate Fixtures across clubs within the Region
 - Potentially attend EMOA Committee meetings but this is not as important as long as a report is provided on latest status.
- a. **EMOA League 2014** - Prizegiving will take place at Ratby on March 1st. Please can all winners attend the event or send a nominee (for winners see EMOA League).
- b. **EMOA League 2015** - The list is available further in EMEWS.
- c. **2015 Urban League** - Now have 8 events for 2015.
- d. **EMOA Night League** - This has not been set up this year but will look to see if we can schedule for the winter of 2015/16.

Future Events:

- (i) **15 March 2015 CompassSport Cup (NOC) at Sherwood Pines** - this is going to be a very large event as many clubs have nominated to attend this event.
- (ii) **26 April 2015 - Cromford (DVO) Yvette Baker Trophy Round in 2015** - Original date clashed with an EMOA Junior Squad training session so now rescheduled.
- (iii) **5 July 2015 - Nottingham University (NOC) - Yvette Baker Trophy Final 2015** - Still working on final permissions but all officials identified.
- (iv) **29 November 2015 - East Midlands Champs 2015** - Birchens Edge (DVO)
- (v) **27 February 2016 - British Night Champs 2016** - Cademan Woods (LEI) - All event officials appointed and approved.
- (vi) **28 February 2016 - Midlands Champs 2016** - Sherwood Forest (NOC) - Officials put forward for approval.
- (vii) **17 October 2017 - British School Score Champs 2017** - Bagworth (LEI)

Future Possible Events

- i) **Peter Palmer Relays 2016** - NOC are looking at using Walesby and LOG volunteered to assist if required.
- ii) **Junior Inter-Regional Champs 2018** - EMOA are scheduled to host this. It was suggested the relays be at Stoke Rochford. Accommodation and floor space could be available but would need to be for 300 kids for evening and breakfast.
- iii) **Midland Champs 2018** - LEI have an area they wish to use. They are also looking to host a sprint on day before which would be part of UK O League.
- iv) **British Sprints / Middles 2019** - Still looking for possible areas. Can we host?
- v) **Midland Champs 2020** - Need a club to volunteer for this.
- vi) **British / British Relays 2021** - We are down to host. Do we have possible areas?

EMEWS

Event Safety Training - It was noted in Mike Hamilton's newsletter that ALL event officials MUST have attended the Event Safety Training course. A mentor may be nominated for level D events, but someone must be allocated with the appropriate training. If this is not the case then the event will not be insured.

Road Crossings - There is a rule imposed by event insurers that under 16s must not cross roads at events unless controlled. This applies to all types of event but especially urban. If the rule is not followed the Organiser or Club Chairman could be held responsible by the competitor (and insurance would not cover this).

Future Meetings - All meetings to be held at the Pace Room, St Mary's Church, Clifton Village, Nottinghamshire at 7.30 p.m. The next committee meeting is Monday 23rd March. As always members are welcome to attend.

-----000-----

BO Participation Update from Natalie Weir (BO Participation Manager)

Natalie Weir from British Orienteering provided an overview of recent British Orienteering projects to the EMOA meeting. The following are some items from her update:

Organiser Training

A recommendation from the Volunteer Needs consultation in 2013. Training will have two aims:

1. Provide organisers and new organisers with clear understanding of the role and confidence in their ability to deliver the events
2. To help organisers focus on the 'customer experience' from event promotion, on the day and post event

Recognised Centre Scheme

The last six months has seen significant development in BO work with an outdoor activity scheme to provide accreditation for Outdoor Centres. The scheme is a supportive process and may best be described as British Orienteering supporting outdoor centres to deliver course outcomes through quality orienteering delivery, giving them:

1. An understanding of the sport of orienteering
2. An understanding of how orienteering can be adapted to meet the aims and objectives of outdoor course programmes.

What are the benefits of having a recognised centre scheme to orienteering as a sport?

The primary reason is that a large number of people have their first experience of orienteering at an outdoor centre. PGL, perhaps the largest provider, has between 150,000 and 200,000 experience orienteering at their centres each year. The intention is to start with 100 centres to develop effective programmes.

Red Bull Robin Hood Event

The event took place in Sherwood Pins on 1st November 2014. The event was a 75 minute mass start score event made up of 30 controls worth 10 points each with 6 additional 'special'

controls. The 6 'special' controls offered an extra 20 points for successful completion of a challenge. The physical and skills based challenges included archery, a tower rope climb to a balance beam, and a memory test, which were designed to link with the Robin Hood theme.

Feedback from orienteers of all ages and abilities as well as those completely new to the sport was fantastic. There were great comments across social media outlets and on the day.

The event has also provided a significant profile for the sport outside of the traditional channels with articles in Running Fitness magazine and on a number of high profile fitness, lifestyle and outdoor adventure websites alongside social media with 2 people joining NOC on the day.

Club Development

The Development Manager Craig Anthony has taken on British Orienteering's Clubmark programme and reviewed it in line with a national review led by Sport England in 2014. This has led to a reorganisation and some changes in the criteria all of which can be viewed on the Clubmark pages on the website. One of the added benefits is that clubs currently operating without juniors can now gain accreditation as an adult only club. This removes the requirement for some criteria or evidence that are only applicable to clubs operating with juniors.

Xplorer / Schools Xplorer

2014 was a good year for Xplorer and even though BO thought they had finished at Halloween they had so many requests for a Christmas edition that Xplorer has happened year round, There are significant plans for 2015 to broaden the reach of Xplorer further and they hope that as many partners as possible will deliver launch events around the Easter period and continue to deliver events throughout 2015.

In an expansion of the Xplorer programme and recognition of the appeal of Xplorer as a product the team has developed Xplorer Schools. Xplorer Schools is targeted at lower end of primary school providing the teachers with resources and ideas to provide cross curricular learning through orienteering.

In terms of participation in Xplorer events in East Midlands:

Xplorer East	Event Delivery		Participation	
	Committed	Delivered	Total Participation	Per Event Average
Amber Valley	24	19	355	19
Ashfield	24	10	216	22
Blaby	24	16	730	46
Derbyshire Dales	16	16	565	35
Erewash	12	7	219	31
High Peak	50	41	1175	29
Hinckley & Bosworth	24	11	259	24
Mansfield	13	15	689	46
N E Derbyshire	12	7	156	22
South Derbyshire	38	28	959	34

EMEWS

Any suggestions for future Xplorer taster events, please feed them through to Natalie. Also if there are commercial events where Natalie could promote Xplorer, please let her know. It was also discussed that it would be good to be informed in advance of any Xplorer events in the area. Most events will be from April onwards and are available at Xplorer.org.uk

----000----

Hawkshead M/W16s weekend

The last weekend of November is the traditional timing for the ever-popular M/W16s weekend in the southern Lake District. The combined regional junior squads (these days with no central BOF funding) organise a weekend of top class orienteering training on the best South Lakes

areas. This year we used Holme Fell, Bishops Wood and Dale Park (one of the nicer bits of the Graithwaite Estate). The weekend is hosted at the Hawkshead Youth Hostel, and this was also the scene of the night mini-relay on Saturday evening. Anyone who doubts whether orienteering could be a spectator sport needs to watch the mass start of this night sprint: delightful chaos indeed! There were 14 or 15 controls within 50m of the start, and triple butterfly loops that meant head-on collisions were more likely than following.

The weekend is aimed at the top M/W16s, and spaces are sought after by all regions. After some negotiation, the East Midland squad was able to take 7 juniors this year, reflecting our strength in this age class. Our open team came second in the night relay, and in an event where

~25% of competitors mis-punch we had the distinction of no-one being disqualified. On the tough daylight terrain we all made mistakes, learnt from them and ended the weekend running through the toughest terrain in England on contour-only maps without any fear. Look out for some good EMOA results at JK 2015!

----000----

EMJOS Cake Stalls November/December 2014

A quick but heart-felt thank you to all who baked cakes, brewed tea/coffee and most importantly spent money at the EMJOS cake stalls at Beacon Hill and Stanton Moor. The squad raised a total of £376 which will enable us to organise a weekend of training in the Lake District ahead of JK 2015.

Nutrition Before, During and After Endurance Exercise

Talk by Dr Steve Faulkner, Loughborough University, 7pm Tuesday 24th February

I am currently working at the Diet, Lifestyle and Physical Activity Biomedical Research Unit in the School of Sport, Exercise and Health Sciences at Loughborough University where we are looking at the effect of exercise and diet on health. In particular we are interested in how exercise could be used to reduce the chances of developing diabetes and chronic liver disease. Many of the people that I work with have an extensive background in sports science and human physiology research.

As a result of an autumn run with Dai Bedwell, I was asked if we could put a talk on as part of the EMJOS coaching program. Dr Steve Faulkner (see biography below) has agreed to give this talk about the nutritional aspects of training, competition and recovery for endurance sports such as orienteering. Whilst working here it has become apparent to me that some of the nutritional ideas that were around whilst I was more regularly competing in the longer orienteering and mountain marathon events have changed. I am hoping that learning about current ideas will help all who attend this talk keep running longer and recover more rapidly.

Although this talk was initiated by the EMJOS coaching program it is being opened up to the wider orienteering audience (and beyond) as it will be applicable to all ages. Coaches, parents, siblings and friends are all welcome!

If you are interested in coming to the talk please contact either myself (a.p.jackson@lboro.ac.uk) or Alison Stanley (a.stanley@lboro.ac.uk) beforehand. This will ensure that we have an appropriately sized room and have sufficient tea and biscuits. We will also then be able to provide you with instructions as to finding the correct building on campus, not necessarily an easy thing to do as those who have done the urban events here will know.

I will also organise a short training run around the campus beforehand, with multiple groups catering for a variety of speeds. This will start promptly at 6pm and will take approximately 40 minutes. There are some toilets to change in after the run if required. Please let me know if you are interested in joining this. - Andy Jackson, DVO

Dr Steve Faulkner PhD, MSc, BSc

Steve Faulkner has been working in the field of exercise physiology for the last 10 years, with a particular interest in the physiological factors that limit exercise performance. He completed his Ph.D in the field of thermoregulation and exercise performance (complete July 2012) at Loughborough University. Steve was heavily involved in the design, development and testing of British Cycling's "Hot Pants" as used to great effect in the London 2012 Olympic Games. Prior to his Ph.D, Steve has worked as a Lecturer in exercise physiology at Massey University, New Zealand, and completed a Master by Research degree in 2008 entitled "Cellular and Molecular Regulation of Skeletal Muscle Mass."

Away from his research focus, Steve is a competitive triathlete and has competed at all distances from super-sprint to ironman. His debut iron-distance triathlon was Roth, Germany in 2011.

British Schools Championships 2014

This year the British Schools Championships were hosted by Aire, and held at Temple Newsam just outside Leeds. The area was similar to many in the East Midlands and the courses proved quite challenging for the less experienced orienteers.

A large number of schools from the East Midlands were represented: a total of 17 schools sent competitors. This competition is one that encourages participation, and the larger teams tend to do better in the year-group and school classifications.

In the overall schools results Leicester Grammar Junior School achieved 3rd place in the primary schools classification while Abbotsholme School came second in the small secondary school group. With their school roll tipping over the all-important 600 mark this year, Loughborough High School found stiff competition in the large secondary school category, finishing 7th overall.

The age-class results produced a long list of top-5 placings for East Midlands schools including teams from Leicester Grammar Juniors, Loughborough High School, Brookvale High School, Worksop College, and Nottingham High School. The only outright age-class winning team from the region was the Year 13 boys from Nottingham High School. With this strength across schools orienteering, we can look forward to schools orienteering flourishing in the region.

The individual winners within each age class featured many of the major names of British junior orienteering. However, the style and spirit of the schools championships also enabled some new names to do well and get due recognition. The East Midlands-based individuals who achieved top-5 positions were:

Class Result	Name	School
Year 5 Girls: 2 nd	Libby Barber	Hall Orchard Primary School
Year 6 Girls: 1 st	Rachel Duckworth	Crich Carr Primary
Year 6 Girls: 4 th	Lucy Bednall	Abbotsholme School
Year 10 Girls: 4 th	Ashleigh Howells	Loughborough High School
Year 12 Girls: 5 th	Hannah Cox	Groby Community College
Year 5 Boys: 1 st	Harrington Leake	St Paul's CE Primary
Year 5 Boys: 3 rd	M Heslop & B Drohan	Worksop College Prep School
Year 8 Boys: 1 st	Ethan Tebbutt	Twycross House School
Year 11 Boys: 4 th	Euan Tebbutt	Twycross House School
Year 11 Boys: 5 th	Nicholas Wilson	Groby Community College
Year 12 Boys: 3 rd	Tom Barber	De Lisle College
Year 13 Boys: 1 st	Jack Smith	Nottingham High School

The day before the British Schools there was a selection race to establish the English Schools team for the World Schools Orienteering championships. From a combination of results at the selection race and schools championships, the following East Midlands based school orienteers made the team to represent England in Turkey in April 2015:

Senior girls team: Loughborough High School

Junior girl select team (reserve): Imogen Wilson (Brookvale School)

Senior boys select team (reserve): Euan Tebbett (Twycross House School)

-----000-----

Lagganlia (August 2014): An Interview with Anna Barber and Imogen Wilson (by Birthe Richter-Wilson)

How did you feel when you were selected for Lagganlia?

Imogen: I was really happy and excited as I'd tried really hard at the selection races I had been to. However, I was a bit nervous as well, as I didn't know many people that were going, which made me so relieved and really pleased for Anna when I found out she was coming too!

Anna: When I was selected I felt slightly surprised and a bit nervous as I had only been orienteering for three years and I know most other people had lots more experience, but very happy and excited to be able to train with some of the top orienteers in the country.

What have you learnt?

Anna: I learnt a huge amount about contour features and how to use them as attack points and catching features. I also improved massively on my bearings.

Imogen: I learnt a lot about using simplification, running without compass, control flow, pacing and reading the map while running.

What do you need to work on?

Imogen: Getting my running speed up in different terrain and being more confident on my first few controls.

Anna: I realised over the week that I need to work on my confidence when deciding if I have gone far enough/too far to a control and running in terrain.

How have your new skills improved your current performance?

Anna: I now trust my bearings a lot more and am more confident at not needing to use linear features.

Imogen: I did really well in the *British Middles* and I have used almost all of the techniques learnt except for running without a compass.

What was your favourite/least favourite aspect of the tour?

Imogen: I enjoyed everything really. The best part was getting to know lots of new people and learning new techniques. The funniest was the talent show and the loch (even though it was cold enough to get frost bite!!!) The worst was probably getting up early every morning and the midges.

Anna: My favourite part of the tour was the sketch map (drawing your own map in under 30 minutes and then running on that map) and swimming in the Loch because it was freezing but really fun.

My least favourite part was the concentration exercise, because I was distracted so often and had terrible concentration - and I wasn't a massive fan of date night either!!!

EMEWS

Imogen: I went on date night with Ben and Lucy, while Anna had a spectacular time with Eoghan!!

How important are tours like Lagganlia for our juniors?

Imogen: They are really good to develop your skills and fitness. You learn things you might not always learn in your local squad and it helps you get to know the people who go.

Anna: They are really important because not only do you learn a huge amount but also get to know some of the best orienteers in your age class.

How could it benefit the club?

Anna: Imogen and I led the warm up at the Monday night club and have done some terrain running practice with some of the juniors and will continue to help at the junior Monday night club. Many juniors have now had the privilege of going to Lagganlia or similar tours and I think we are building a strong junior team, as seen in our improved performances in Yvette Baker and Peter Palmer this year.

Imogen: We also did some hill reps with the Monday group.

What are your future plans and aspirations?

Imogen: I really would like to go on another tour and to keep up with my competitors.

Anna: I feel far more confident now to start running Greens. I also hope to do some terrain running as part of my training. I would love to see LEI juniors gain a podium place at Yvette Baker. I hope to take part in more major events and am hoping to attend my first Scottish Six Days next year.

Describe Lagganlia in 5 words.

Anna: Exciting, confidence-building, inspiring, enlightening, fun.

Imogen: Amazing, encouraging, inspirational, physical, sociable.

Is there anything you would like to add?

Imogen and Anna: We think it would be great to have some follow-up training or mentoring for juniors who have been on tours like Lagganlia to build on what we have learnt. We would also like to say a huge thanks to LEI and EMOA for helping with the funding of our tour because we

have learnt a huge amount and thoroughly enjoyed our week in Scotland. In return we hope to do some fundraising to support EMJOS and the development of our juniors in the future.

Thank you!

Coaching Conference Feedback

Explanation: (See map on next page) this was one of 3 courses as a fun activity at the recent Coaching Conference planned by John Orton of North Wilts Orienteers (he was Chair of NOC when I first started orienteering). It's a school grounds but made a bit more challenging by adding 'uncrossable fences' (thick black lines on the map and red tape on the ground) and some 'one way' zones (red arrows on the map and different on other courses!) which made route choices interesting. The other challenge was to work out where your control was - always inside a purple 'circle' which could be any shape but always clear if you checked the control description.

It was a really good work out for the body (between 3.5 and 3.8km) and the brain - check out the control position, any one way system and the 'uncrossable fences' before rushing off. This could be adapted for any school or park area.

The other sessions at the Coaching Conference were equally fascinating with Kris Jones talking about sprint orienteering and how to train for it - including quite a lot of audience participation when he put a map with one leg on the screen for a really short time and asked us which route would we choose! The lengths of time he gave us got shorter as we got used to the decision making. Kris also spoke on the second day about his ideas that 'Plan, Direction, Picture' is a neat way to look at analysing performance in orienteering as an orienteer's attention to the map (Plan) and attention to the ground (Picture) both have a direct effect on the speed of travel. Distance travelled is affected by the use of Direction and 'speed' and 'distance' both contribute to 'TIME' and therefore to 'Performance'.

Between sessions there was plenty of time to chat to other coaches (over 60 of them) from all over the country.

Coaches at the conference tried out some new Coaching Cards which the SOA has developed for coaching in sprint/urban orienteering. We also heard about the use of Focus cards from RAFO's Geoff Ellis and I gave a presentation about promoting coaching and training coaches - both are topics which are close to my heart. When I started taking part in the sport I attended local coaching sessions and made rapid technical improvements. It always amazes me that some orienteers just want to compete every week and never practice the essential techniques which would improve their results!

Thanks to EMOA for supporting my attendance at the Coaching Conference.

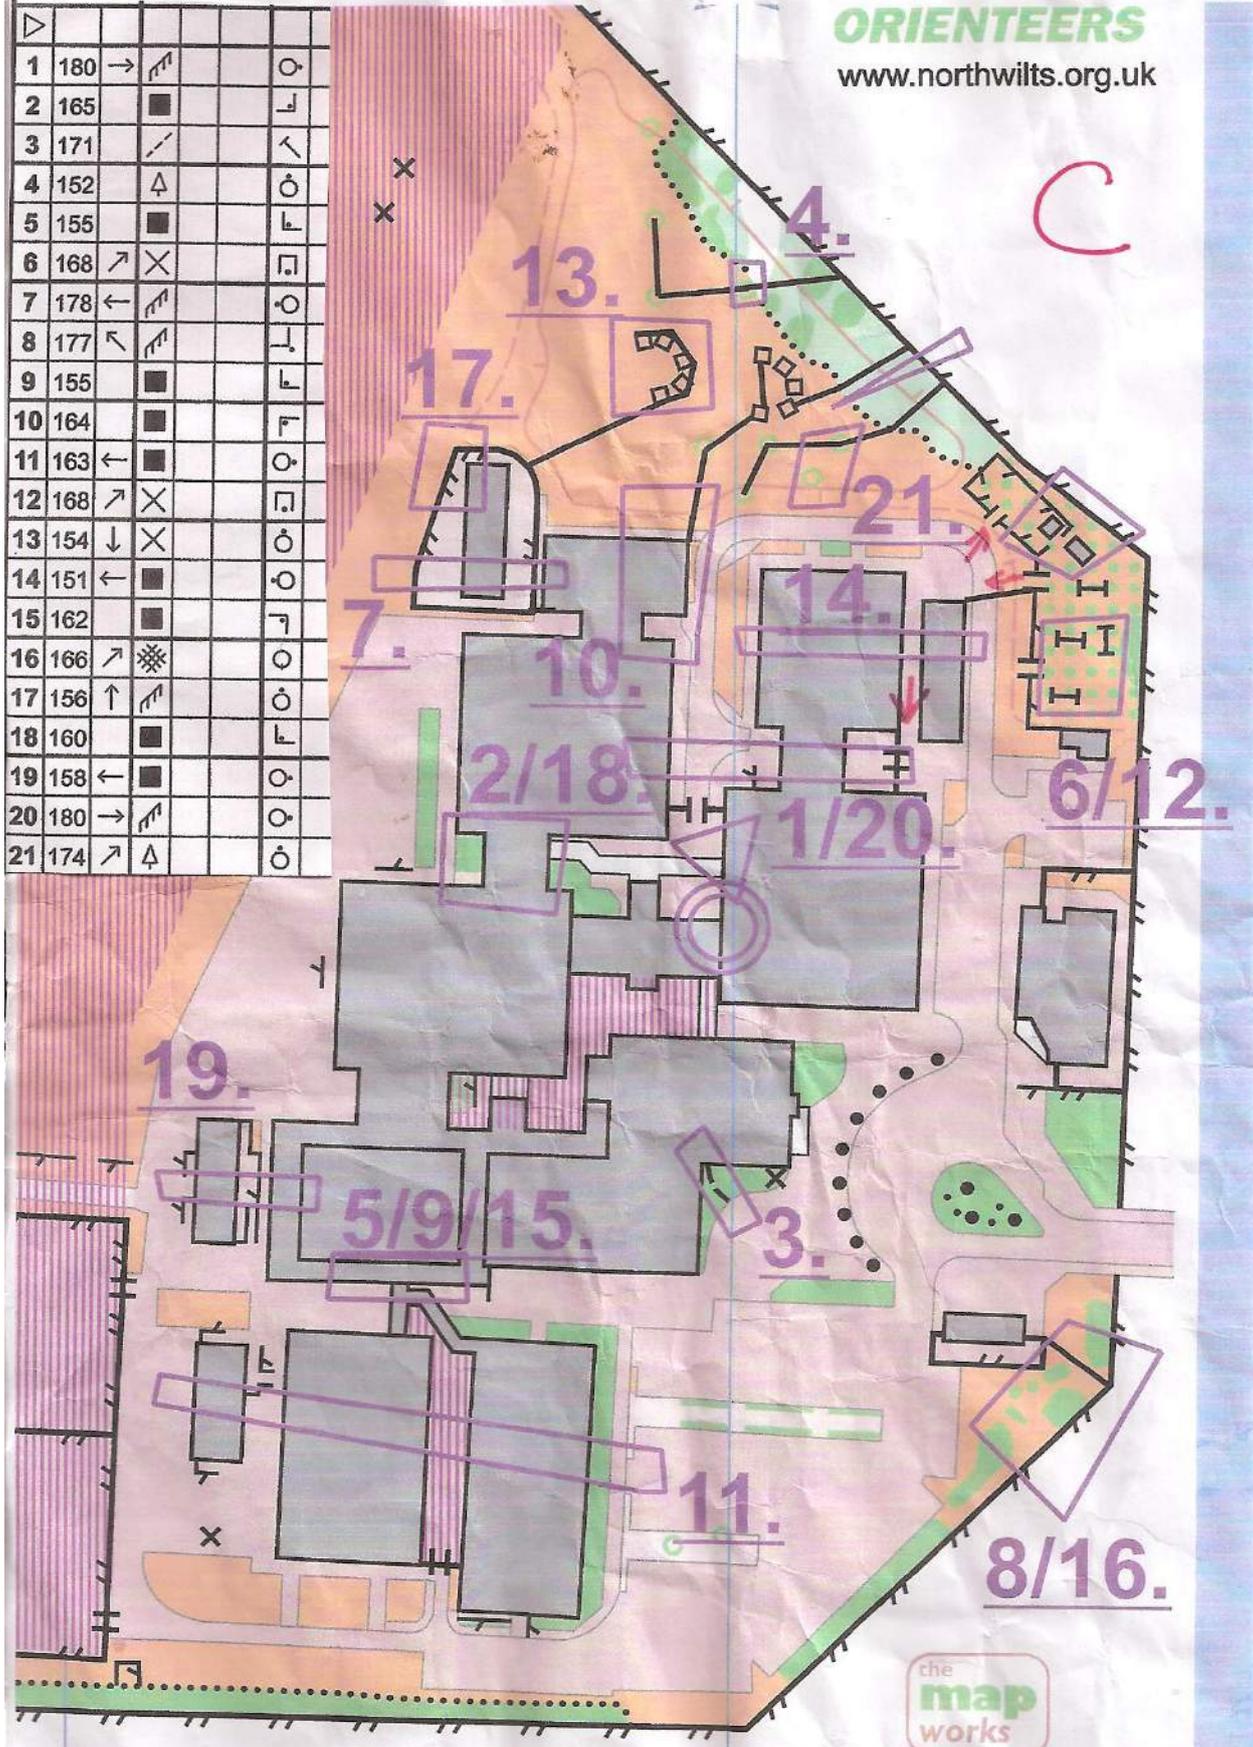

Hilary Palmer (0115 982 0651)

National Forest Report

This year the National Forest are concentrating on promoting the use of and visits to the Forest and there are only three new schemes. Of these the only one big enough for orienteering is near Burton on Trent and is about 120 acres but as that is in Staffs it is not really something the East Midlands can go for.

The other bid news from their end is they have a new CEO taking over in Jan, John Everett from Nottingham Wild Life Trust. This may mean a change of emphasis for wildlife considerations but is being balanced by the fact that they are recruiting somebody for a post promoting sport and activity within the Forest. They used the example of the Orienteering championship to suggest similar large scale events should be encouraged.

The only thing of interest but not really an orienteering issue is that there is a complete set of guides to the new National Forest Way on a new dedicated web site- It is imaginatively named: www.nationalforestway.co.uk

Roy Denney (EMOA Rep National Forest)

-----000-----

East Midlands League 2014

The East Midlands League for 2014 has now been completed. As usual it is the top 8 scores have counted. The following events have taken place and the codes are used in the tables.

- | | | |
|----------------------------|----------------------------|--------------------------------|
| 1 - Willesley Woods (LEI), | 2 - Matlock Moor (DVO), | 3 - Thieves Wood (NOC), |

East Midlands Urban League 2014

The EM Urban League was successfully concluded with the event at Oakwood on 16th November. The final league tables are shown below for 2014 with the best 4 out of 7 events to count.

- **EMUL 1** Sunday 11 May: Matlock (DVO)
- **EMUL 2** Sunday 18 May: Newark (NOC)
- **EMUL 3** Sunday 21 June Nottingham University (NOC)
- **EMUL 4** Sunday 31 August: Lincoln City (LOG)
- **EMUL 5** Saturday 25 October: Washingborough (LOG)
- **EMUL 6** 9 November Loughborough University (LEI)
- **EMUL 7** 16 November Oakwood (DVO)

The detailed urban league status is available on the EMOA website at

<http://www.oxfordfusion.com/ukul/index.cfm?Org=7&Test=0>

Below are the positions of the EMOA folk in the league (top ten EMOA for each course, I have omitted none-EMOA folk):

Junior Men

					EMUL1	EMUL2	EMUL3	EMUL4	EMUL5	EMUL6	EMUL7

5 th Sep - Lincoln (LOG)	6 th Sep - Loughborough (LEI)	13 th Sep - Southwell (NOC)
25 th Oct - Grantham (LOG)	15 th Nov - Matlock (DVO)	

---0000---

Fixtures

This fixture list is intended to list all major events in the UK, and all East Midlands events. It includes all the information available to me about the event at the time of going to press. Details on entry are normally available on the club sites. Unless otherwise stated, Local events offer entry on the day (EOD) to a range of colour coded courses with start times from 10:30 to 12:30. Some will provide a wider range of courses than others. Regional events provide colour coded within which age classes can be run. National events provide a range of age related courses and are normally entered in advance.

The OS map reference is either the car park or point from which the event will be signposted. The list is based on BOF registration, but events are sometimes cancelled. If you are uncertain of whether an event will be on, check with the organiser. The editor takes no responsibility for wasted journeys.

February

Sun 1 st	Thetford Thrash Day 2	C	WAOC	EA	Croxton Heath	Thetford	TL893880
Sun 1 st	EMOA League Event Bagworth	C	LEI	EM	Bagworth	Coalville	SK447081
