Report on East Midlands Meeting – 30th January 2017

O-Safe – Clubs were asked to ensure that the O-safe document was updated in October 2016 and is now available at

https://www.britishorienteering.org.uk/images/uploaded/downloads/governance_O-Safe%202017.pdf. It contains clauses that should be incorporated/referenced in club and association constitutions. East Midlands will look to incorporate this in to the constitution at the next AGM.

Urban League Events – It was agreed that there were 2 events per club scheduled for this year's urban league and it is hoped that this can continue in to the future. In some clubs there may be more of a challenge to find suitable areas/ officials. The urban league event at Belper had a very good turnout as part of the UK Urban League. The UK Urban League did introduce a new class of Hypervets (M/W75+) which was run at Belper and discussions are underway as to whether this class should be incorporated in to the East Midlands Urban League.

Contactless Dibbers – The current status is that Events and Competitions Committee had recommended that if events have contactless dibbers (as well as normal dibbers), then they must always provide a number of contactless dibbers for hire. The Board had not had time to approve this so it is still not approved as such. One concern brought up by John Hurley was whether this applied to all events, even level D. The committee felt that it should apply to all Level C and above events, but not for level D.

Planners & Controllers Conference – set for 4th March at Charnwood College. Invites have been sent to all level B controllers, and other controllers and planners are welcome. So far have had 8 LEI, 4 DVO and 1 LOG attendees register.

Mappers Workshop – David Olivant is looking at holding an experienced mappers workshop in the Autumn (it will target the experienced not beginners).

Planners Course – Mike Gardner is hoping to out on a Planners Course in the Spring for DVO. If anyone else in region is interested please let him know.

Junior Squad – The squad have been very active over the last few months. Related to this the JIRCS 2018 is under investigation by DVO to identify accommodation and venues for both individual and relay events.

Future Events:

- (i) **12 March 2017** – CompassSport Cup Round – LOG – Burwell and Haugham – Please share transport wherever possible.
- (ii) **18 March 2018** – Midland Champs 2018 – LEI Belvoir

Future Possible Events

- (i) **EM Score Champs** – need a club to volunteer to host this next year. We did agree to have an alternate score champs and sprint competition.
- (ii) **Junior Inter-Regional Champs 2018** – DVO looking to host
- (iii) **British Sprints / Middles 2019** – LEI / DVO

- (iv) **17 March 2019 - CompassSport Cup Heat 2019 - NOC**
- (v) **Midland Champs 2020 - DVO**
- (vi) **CompassSport Cup Final 2021 - Are EMOA interested in hosting?**
- (vii) **British / British Relays 2021 - North Wales has proposed some areas which could be used. EMOA need to decide if this is a practical proposition.**
- (viii) **Midland Champs 2022 - NOC**

Registration at Events - NOC had surveyed recent events and noticed very few folk were registering late at events. They wondered whether it was worth cutting back the time for registration at events.

BO Rules Update - There is an updated BO rules document now available on the website.

BO Board - At the BO Board on December 8th there was a lot of talk about budget issues as Sport England funding continues to be reduced. At present the sport gets around £550,000 from Sport England which still equates to £50 per member. However, as Sport England funding is further reduced orienteering will have to either cut back further or find ways to get the money (levies, membership fees). The BO Board are proposing no further increase in membership fees or event levy in 2018. The EMOA Committee felt it would be better to increase fees by a small amount each year rather than have occasional large increases.

BO Strategic Plan - Consultation is due to take place (expected to be out by end of Jan) of a new BO Strategic Plan.

Coaching - Hilary Palmer attended the Annual Coaching Conference and there are a lot of presentations available on the BO website under Coaching / Coach Support.

Hilary talked the meeting through the latest Coaching approach which covered the use of Introductory Workshops to get folk interested in the subject which would cover how and what to coach. Then moving folk on to Level 2 coaching qualifications if the person was interested in a formal coaching role.

Coaching committee are also looking for a venue for a future Coaching Conference and East Midlands had been suggested as a possible central location.

Dates and venues for future meetings - All meetings to be held at the Pace Room, St Mary's Church, Clifton Village, Nottinghamshire at 7.30 p.m. The next committee meeting is scheduled for Monday April 3rd 2017. The following meeting is scheduled for Monday June 19th 2017. The EMOA AGM is scheduled for Monday September 18th 2017.

The BO Strategic Plan has just been published and the table below is a SWOT analysis on orienteering as a sport. Do you agree with these findings? Are we missing any opportunities, or are there other threats we need to consider?

Strengths of orienteering in the UK	Weaknesses of orienteering in the UK
A sport for all ages due to the age classification system, with the opportunity to compete to a high level much longer than for many other sports	An ageing pool of participants and volunteers, with low levels of representation amongst young adults and lower socio-economic groups
Low cost of entry compared to a number of other sports, with little equipment needed to participate	Dominance of older, higher socio-economic groups makes it challenging to promote and market the sport to other potential demographics
Supported by a large number of skilled and dedicated volunteers	Reliance on older volunteers is not sustainable; pathway needs improvement to encourage younger volunteers
Attractive to young families, a sport that can pass down through generations	Short and 'B' courses are perceived as not competitive enough and contribute to the "age gap" of under-represented young adult groups seen amongst participants
High quality, technical orienteering competitions and courses in safe and secure environments	Transition from participation in alternative formats of the sport (e.g. Xplorer) to competition and ultimately club membership is poor
Opportunities for orienteering in the UK	Threats to orienteering in the UK
Alternative formats of the sport, such as Xplorer and the <i>Red Bull Robin Hood</i> event, can provide platforms to showcase the sport and improve the image of orienteering via partner affiliation	Access to and availability of terrain on which to participate is a challenge due to an increasing tendency for landowners to charge, environmental protection issues, deforestation, landowner liability and insurance
Urban orienteering, especially when combined with technology, could prove an attractive proposition for the target young adult demographic	Ageing demographic of participants and volunteers poses a risk to the sport continuing to operate in its current format
By gaining more prominence through better communication channels in their regions, clubs can turn more participants into members	Volunteers need to be provided with recognition if they are to be relied upon to ensure continued service in future
Increased availability of 'pay and play' participation options alongside traditional orienteering activities may provide more opportunities to increase participation and overall interest levels	New formats of the sport need to be clearly marketed and managed to ensure they do not hinder the image and perception of the sport
	Resistance to change across some sections of the sport's participants and volunteers needs to be carefully managed alongside any initiatives offering different forms of orienteering

----000----

Sal Chaffey created this design for the Midlands clubs in preparation for the Midlands Championships.

Fixtures

This fixture list is intended to list all major events in the UK, and all East Midlands events. It includes all the information available to me about the event at the time of going to press. Details on entry are normally available on the club sites. Unless otherwise stated, Local events offer entry on the day (EOD) to a range of colour coded courses with start times from 10:30 to 12:30. Some will provide a wider range of courses than others. Regional events provide colour coded within which age classes can be run. National events provide a range of age related courses and are normally entered in advance.

The OS map reference is either the car park or point from which the event will be signposted. The list is based on BOF registration, but events are sometimes cancelled. If you are uncertain of whether an event will be on, check with the organiser. The editor takes no responsibility for wasted journeys.
